

## **OPERATIONAL FLOW ORDER Algonquin Gas Transmission, LLC**

**Issued by:** New York State Electric & Gas Corporation (NYSEG)  
**Date of Issuance:** November 13, 2018  
**Time of Issuance:** 10:30 AM Eastern Clock Time ("ECT")  
**Effective:** 11/14/2018 10:00 AM ECT

All NYSEG AGT Pool Operators must keep actual daily takes out of the system equal to or LESS than scheduled quantities.

As described in AGT's Notice ID 006951446 issued 11/12/2018, to maintain operational integrity on the system, Algonquin Gas Transmission, LLC has issued an Operational Flow Order ("OFO").

NYSEG, in support of AGT's notice, is requesting that ESCOs take the appropriate action to respond to AGT's OFO. NYSEG is requiring all AGT Operators to keep actual daily takes out of the system equal to or LESS than scheduled quantities.

Additionally, NYSEG is requiring all AGT Operators to adhere to all pipeline requirements including any limitations imposed by the pipeline on nomination imbalance tolerances.

Any costs NYSEG incurs from pipeline imbalances will be passed on to the offending shippers

This OFO will remain in effect until further notice.
