

**Dominion Citygate Swing Service (CSC)
Balancing Service Election Form
for ESCOs Serving Retail Customers
Under Service Classification No. 18 of PSC No. 88
Effective April 1, 2019 - March 31, 2020**

Only Aggregation Pool Operators serving non-daily metered transportation customers in the Dominion Transmission Inc. ("DTI") Aggregation Pooling Area will be able to elect this Dominion Citygate Swing Customer Balancing service (also referred to herein as "CSC Balancing").

If eligibility status changes, Aggregate Pool Operator must notify NYSEG within 24 hours.

In accordance with the provisions of New York State Electric & Gas Corporation's ("NYSEG") Schedule for Gas Service, PSC No 88 - Gas (the "Tariff"), _____
(hereinafter designated "ESCO") makes the following election of Balancing Service (as defined in the Tariff) for its Retail Customer POD IDs for which the ESCO is taking service under Service Classification No. 18 of the Tariff. This election shall remain in effect in accordance with the terms and conditions of the Tariff.

☐

The ESCO elects DTI Citygate Swing Service (CSC) for all existing POD IDs and all POD IDs enrolled by the ESCO during the next twelve months starting April 1, 2019.

☐

The ESCO elects not to participate in the DTI citygate Swing Service (CSC) for all existing POD IDs and all POD IDs enrolled by the ESCO during the next twelve months starting April 1, 2019.

The ESCO shall abide by all provisions of the Tariff applicable to the Balancing Service elected.
